PROFILE

Experienced Junior Web Developer with a year of experience crafting visually appealing web applications and ensuring seamless user experiences. Skilled in collaborating with cross-functional teams to gather requirements and implement solutions, I have a strong foundation in HTML5, CSS, and React. I possess expertise in responsive design, UI/UX design, and website development. Eager to leverage my skills and pursue innovative projects as a Senior Website Developer, I am driven by a passion for pushing the boundaries of web development and creating impactful results. My adaptability and leadership abilities position me well to contribute to cutting-edge projects in this role.

EXPERIENCE

WEB DEVELOPER

NexenAge Innovations

2023-present

As a Web Developer at NexenAge, I played a key role in developing and maintaining web applications, focusing on creating visually appealing and user-friendly interfaces. I collaborated with cross-functional teams to gather requirements and implement solutions that enhance user experience. Additionally, I worked on ensuring the responsiveness and compatibility of websites across various devices and browsers.

- Designed and developed interactive web applications with a modern front-end framework and an intuitive user interface.
- Implemented a responsive design to ensure accessibility across all devices.
- Collaborated with cross-functional teams to identify customer requirements and develop technical solutions.

UI/UX DESIGNER

DreamTrenchVille Realtors

2022-2023

- Developed a custom UI/UX design that improved user engagement by 78%
- Created user interfaces for web applications that improved usability by 65%
- Developed a style guide for the company website that ensured consistent branding across all platforms
- Created wireframes and prototypes for website and mobile applications that improved user experience
